TREE DECISION IS SHELVED AS GROUP STUDIES SITUATION

City Council Postpones Action and Will Meet With Grier to Discuss Angles

DELEGATION IS PRESENT

West Tenth Street Matter Is Presented; Trees May Be Allowed to Remain

Pepper trees on West Tenth street are still standing and the city council is the center of interest as two opposing groups seek to get their ends achieved—either to get the trees out or to have them allowed to remain.

No decision will be made immediately.

To find out who has the authority over the trees, the city council or the board of county supervisors, and to discuss other angles to the question, an informal meeting is to be held soon by the city council with C. E. Grier, chairman of the board.

Last night's city council meeting was marked by the presence of a score of persons—neighbors on West Tenth street, who came to present the matter to the officials. Both sides were presented, and then Mayor P. H. McQuillen announced that the question would be taken under advisement.

Discussion among the officials later revealed that if the trees are allowed to remain, the county, which is making the street improvements, will not place curb on the south side of the street from Palm to San Antonio avenues. It was also brought out that the pavement will be three feet from the tree line, which some thought might be dangerous.

Then Fletcher H. Manker and others presented the sentimental side of the tree question and pointed out that years ago travelers in going from Claremont to Upland would stop their horses and rest under the shade of the spreading trees. All the officials expressed themselves as wanting to keep the trees if it were possible and if it were in keeping with the right policy in looking ahead.

The county has taken over Tenth street for widening and maintenance and it will soon be used as Arrow route. Authority has been given to the supervisors to do the work and it may be up to them to decide on the tree situation.

It was estimated that if the trees are allowed to remain now and at a later time it is necessary to take them out, a sum of $5,000 would be used in putting in the curbs. It is not known who would have to pay the sum, owners of the abutting property or the city.

Noted Evangelist To Speak at Mass Meeting

The Upland church of the Nazarene, "next to the post office," is putting on a special spiritual program Sunday.

Evangelist Joseph H. Smith of the Methodist church has been secured for the day. He speaks at both of the regular services of the church—at 11 a.m. and 7:30 p.m. Then a special mass meeting has been arranged for the afternoon at 3 o'clock. It is hoped that the people of all the churches will participate in the mass meeting.

Mr. Smith has been in national evangelism over fifty years and is known in all the churches as a peerless expositor of the "deep things of God."

George Culver Has Hand Badly Injured

Geo. A. Culver, 2150 Laurel avenue, is taking an enforced vacation from his barber shop on East Ninth street as the result of a painful injury received Thursday morning when attempting to crank his automobile. When the starter failed to work, Mr. Culver decided to use the crank, but the motor was cold and failed to respond and the crank "kicked," striking Mr. Culver on the right hand.

An X-ray examination revealed no broken bones, but the ligaments are badly torn and the hand is otherwise painfully bruised.

Mr. Culver will be unable to work for at least two weeks, and during his absence the shop will be in charge of Lewis Roman, well known to Upland patrons.

Upland Property To Benefit By Grier's Proposal

Property owners throughout the Upland district and throughout the county and state will come into their own from the taxation standpoint if C. E. Grier's tax reform measure goes through the ballot gauntlet successfully, it was shown today in an analysis of what the proposed change will mean.

This county would receive approximately $1,739,280 annually from the state for elementary and high school purposes, while at present most of this sum is raised by taxation on real property.

Draft of the proposed initiative amendment is to be prepared in San Bernardino during the state convention of the county supervisors late this month. The amendment petition will be circulated among voters to get it placed on the November ballot.

The figures are based upon the tentative plans to have the state contribute $60 toward each elementary pupil and $90 in the case of the high school student. Last year, 6,746 pupils were registered in the lower schools while 18,869 were enrolled in the high schools.

Under the present system, the state contributes $30 for each student. The money received from the state would represent an actual saving to the county as the law requiring the county to match the school funds in accordance with a certain ratio would be repealed.

According to figures compiled at recent tax conferences, the cost to the state would be $42,009,000 more than at present. The sum would be raised by a modified sales tax and a personal income tax.

Proceeds from a 2½ per cent consumption tax on retail sales in California, exempting all perishable and automotive articles, would total $66,776,495, according to a report received by Mr. Grier.

The report was prepared for Hayden F. Jones, chairman of the California real estate association tax committee. The estimate is based on a grand total of sales for 1930 and placed at $3,268,545,436, which includes the sales price of the exempt articles.

Under terms of the proposed tax relief program the state would take over all school expenses except the ones connected with buildings and grounds.

State-wide support of the program has been assured by numerous organizations.

ORCHARD HEATERS TAKE HUGE AMOUNT

740,000 Gallons of Oil Burned by Growers to Keep Away Cold

Citrus growers in combatting the invasion of Jack Frost in this district have used approximately 740,000 gallons of oil, it was revealed in a survey today. In one of the longest orchard heating seasons of recent years, the growers have been alert to maintain the temperatures above the danger point.

Damage in spite of the heaters is more or less general throughout the district, although the loss will not amount to a large sum, it is believed. Growers who do not include heaters in their equipment have suffered this year while in previous years they have escaped.

Even with the slight loss, however, the 1932 orange and lemon crop will be one of the largest in history.

During the firing, hundreds of men throughout the Upland district have been enlisted in the battle against lowering temperatures. It has been noted by some that the recent smudge smoke has not contained as much oil as previously.

Temperatures of today and Thursday are more like typical California and it may be the heating season is at an end for this year.

Chairmen Named at Executive Meeting of Hospital Board

Appointments of committee chairmen to serve through the year were made by Mrs. A. L. Weber, president of the Woman's Auxiliary of the San Antonio Community hospital, at an executive board meeting held recently in her home on Euclid avenue.

The new chairmen and their committees are: Mrs. Agnes M. Gist, membership; Mrs. J. H. Titus, entertainment; Mrs. R. R. Harrington, free bed fund; Mrs. Earl W. Paul, program; Mrs. Thos. W. Nisbet, shop; Mrs. Bess K. Grisham, library; Mrs. Earl H. Johnson, baby fund; Miss Rose Wershing, publicity and history.

Other members will be appointed upon these committees as needed and recommended by the chairmen.

Another matter discussed during the executive board meeting was the benefit bridge being given Saturday afternoon at the Upland Woman's club house by the Tuesday Evening Bridge club. The affair is planned as a benefit for the hospital auxiliary, the baby fund in particular.

Mrs. Weber stated today that another meeting of the executive board and the new committee chairmen will be held within a short time when future activities will be discussed.

34 Join Chamber in First Week of Drive

Thirty-four persons and firms have joined the Upland chamber of commerce without solicitation during the first week of the new campaign, it was reported today by Clair E. Kirk, chamber secretary.

Chamber directors will meet Feb. 12 to discuss a personal canvass among persons who have

CAMERON TO LEAVE EDUCATION BOARD

President of Local Group Will Not Seek Election on March 25

D. J. Cameron, local citrus grower, will not be a candidate to succeed himself as a member of the Upland board of education, he announced when approached today. For two years he has served as president, being elected for the first time three years ago.

It is his belief he has served long enough and that the board membership should be given to others in the community.

Elections for school board members throughout the district will be held March 25, the local polling place to be in the Upland junior high school. Persons must be registered by Feb. 13 to be able to vote at this election, according to Mrs. Roy Creighton, local registrar.

Mr. Cameron has served efficiently and it was hoped among some circles that he would continue, but his announcement takes him out of the field as a possibility. Other members of the board are Clyde DuVall, clerk, and Glenn M. Atwood.

Mr. Pitts Finds Zero Weather in Arizona

Low temperatures this week did not affect James Pitts for during the last three weeks he has been use to zero weather.

Mr. Pitts returned the middle of the week from Arizona, where he looked after cattle interests at Seligman, Prescott and Flagstaff. Zero weather greeted him almost every morning and he reported that the extreme temperatures were causing damage to the stock.

Report of January Library Activities

While an increase of only nine per cent over January of 1930 is shown by circulation statistics at the Upland public library, still, considering the fact that no new books were put out during January, because of increased work for the staff in re-registering borrowers and changing the charging system to a self-charging system where the borrowers charge out their own books, the net increase of 562 is very satisfactory, according to the librarian. A total of 6,509 in circulation was shown for the month of January.

As soon as the public thoroughly understands the system of charging out books, it is expected to save considerable time of the desk attendant, giving her more time for "floor service," which means more individual time to help those needing help in reference work for schools, searching for books for borrowers who do not know what they want, etc., Mrs. Manker states.

Other statistical information shows a circulation of 600 periodicals, 18 pamphlets, and 2 pictures; 209 "reserves" were telephoned; 75 books were accessioned, and 13 withdrawn, leaving a grand total of 14,232 books on the shelves and in circulation.

The first month's re-registration totaled 1,100. From this time on the registration is expected to be slower.

Elks To Pick New Officers Thursday

New officers of the Elks lodge will be nominated Thursday night, with Guy Billington, past exalted ruler, sitting in the chair.

Past exalted rulers will be in the chairs. Carl Hase, Ontario jeweler, is the present exalted ruler.

Son Is Born to Henry Dybsands

Mr. and Mrs. Henry Dybsand are today the parents of a son, born at the San Antonio Community hospital yesterday afternoon. He weighed seven pounds and 12 ounces.

The Dybsands reside at 520 Second avenue, Mrs. Dybsand being formerly Lavon Stauffer. Mr. Dybsand is employed in Rahn's market.

MRS. ANNIE BRYANT INJURED IN FALL

Mother of Mrs. J. W. McConkay Sustains Fracture of Left Shoulder

As the result of a fall early Tuesday morning, Mrs. Annie Bryant, mother of Mrs. J. W. McConkay, is suffering with a badly fractured shoulder, an X-ray picture made Wednesday at the San Antonio Community hospital revealing the broken bone.

The accident occurred between 8 and 9 o'clock Tuesday morning when Mrs. Bryant was in the yard at the rear of the McConkay home, 679 Second avenue, and besides the breaking of the left shoulder, her face was painfully lacerated in the fall.

Mrs. McConkay was absent at the time, having gone to the home of her sister-in-law on an errand, and Mrs. Bryant pluckily made her way to the home of a neighbor, Mrs. Howard Graves, who quickly called a physician and rendered first aid.

Although Mrs. Bryant is suffering considerable pain, Mrs. McConkay stated today, still she is getting on as well as could be expected. Dr. D. E. Hayhurst is the attending physician.

LEGION AUXILIARY BUYS 1000 POPPIES

Order Given for Annual Poppy Day Sales; Pillows Made for Disabled Men

Although a great deal of work was accomplished when the American Legion Auxiliary held an afternoon meeting in the Legion club house Thursday, still the meeting closely resembled a real party and was thoroughly enjoyed by the 24 members attending.

Beginning at the noon hour, the meeting opened with the serving of a bountiful contributed dish luncheon, which was followed by a business meeting conducted by the president, Mrs. Clara Lamb.

Besides transacting the routine business, the auxiliary decided to order 1,000 poppies made by the disabled soldiers in the veterans' hospitals. The veterans receive 4 cents each for their little red Flanders poppies. The Legion Auxiliary sells them for 10 cents each, the six cents profit being tunred into the welfare fund to be used to assist the families of disabled or deceased veterans. The poppies are to be sold this year on May 28.

The poppies must be paid for when purchased and to help raise the $40 that will be required, the auxiliary decided to hold a food sale on Saturday, Feb. 13, at Rogers' and Anderson's markets.

The auxiliary members have just completed a handsome wool-filled comfort and during the meeting plans were made for its sale, expected to be another source of income for the treasury.

CONSTRUCTION OF NEW SANITORIUM WILL BEGIN SOON

Dr. Johnston, President, in Upland Stated Start To Be Made in 30 Days

SEVEN STORY STRUCTURE

Project Thoroughly Financed; Building Unique in Design and Beautiful

According to Dr. H. H. Johnston of Hollywood and New York City, founder and president of the proposed Upland Sanitorium, who was in Upland yesterday work on the project will start within thirty days. Dr. Johnston stated to The News that the project is completely financed and that the Pomona office, which was headquarters for this territory in the selling of stock, has been closed.

As has been announced some weeks ago, the location of the sanitorium will be on a ten acre site at the base of Cucamonga peak, four miles north of Upland on the Schowalter tract. Floor plans for the large building, which with the furnishings and equipment will cost $250,000, have been completed, says Dr. Johnston. The building will consist of six stories above the basement floor, a tower three stories high forming the three top floors. Two elevators will lead from basement to the top floor and each room of the building will be equipped with bath, telephone and radio. The building will be unique in design, says Dr. Johnston, there not yet having been constructed a similar building on the western hemisphere.

Dr. Johnston also stated that the corporation of which he is the head will lease the Desert Air sanitarium at Victorville and that institution will be run in conjunction with the Upland sanitorium.

A chain of six or seven hospitals will be constructed at various intervals across the United States, according to Dr. Johnston, by this corporation, which will appeal to the wealthy class for patronage.

GROWERS GET WIN OVER CREIGHTONS

25 to 24 Is Score as Two Local Teams Meet in Fast Duel

Outstanding performance of Dean and Terry in shooting long baskets spelt defeat for Creighton's basketball team in one of the best games ever seen on the Chaffey floor, but victory did not come last night until the final seconds of play. The score was 24 to 25 Lemon Growers' winning for the first time since these teams have clashed.

This game was one in the Chaffey night basketball league and proved to be the thriller so far in the league and fans can't expect anything better. The Growers' took the lead as the game started, but Creightons soon took charge of things and went in front to remain there for some time. At 16 points they were tied and from then on until the gun, the lead changed a half dozen times.

Creightons won the league a year ago and in so doing defeated the Growers. The lineup:

Creightons, 24		Growers, 25
Dettweiler, 7	F	Hopkins, 6
McKinney 10	F	Moore
Mathis, 7	C	Dean, 7
Staffield	G	Terry, 12
Francisco	G	Fuller

Substitutes: Creightons—Korn, Growers—Campbell.

Ontario All-Stars won the second game of the evening over the L. D. S. five, 31 to 16. Competition offered by the church group did not make much of a dent in the All-Stars offensive and defensive. The lineups:

All-Stars, 31		L. D. S., 16
Van Fleet, 14	F	L. Horn, 2
Cadd, 2	F	C. Horn
Dorsett, 13	G	Miller, 2
Fletcher	G	Gurley
Vick, 2	G	D. Gurley, 12

L. D. S. substitutes, Ed Gribsy and Fox.

J. N. Huehn Returned As Insurance Head

J. N. Huehn of Upland was re-elected president of the San Bernardino County Mutual Fire Insurance company at the recent annual election. George E. McCarthy is secretary.

Besides Mr. Huehn on the board are N. L. Mitchell, H. F. Lucas, Judge Thomas Donnelly, M. Goldie, Redlands; R. O. Price, J. J. Atwood and Edwin Rhoades.

Jaysee Freshmen Pick New Class Officers

Chaffey punior college freshmen have chosen Ronald Ingold as president.

Wanda Oswald was elected vice president, Helen Guy, secretary; Walter Baer, treasurer, and Stanford Shaw, social chairman.

Musical Students to Present New Comedy

Recognized as one of the outstanding productions of the year, "The Lucky Jade" will be presented at Chaffey Feb. 26 by the Chaffey music students. This production will be the annual musical comedy presented under the direction of S. Earle Blakeslee.

The opening scene will show a Voodoo temple in darkest Africa, 100 years ago, and for the setting a remarkable scene equipment has been obtained from a Los Angeles company.

The staff will include the first all-high school cast to be seen at Chaffey.

NEW CHURCH WILL BE CONSTRUCTED

Methodist Board Decides To Build $40,000 Structure; Details Studied

Plans are being made today by the official board of the Methodist church to proceed as soon as possible with the building plans and to construct a $40,000 edifice.

A former figure called for expenditure of $62,000, but a new study under present prices has revealed that with a few changes in plans, the structure can be built at a cost of $40,000. The board is working on details of the plans and studying various types of architecture.

Nearly a year ago a halt was called in the building plans for one year. With the end of that one-year delay, the board expects to be ready to go ahead with the structure.

Legion Distributing Patriotic Cards to Merchants in Upland

In order to assist in the organized observance of patriotic holidays, the Upland post of the American Legion was today distributing to local merchants window cards, showing those holidays on which the merchants have agreed to close. These cards are to be displayed just previous to each of the three holidays: Memorial day, July 4 and Armistice day. The card is to be displayed just previous to each of the three days.

This service is being given by the legion so that merchants will not find it necessary to buy patriotic cards from outside ex-service men. The cards are being given free by the local post.

Junior High Teams Lose to Ontario

Upland eighth grade team lost to the Ontario junior high eighth grade 24 to 16 in a game played at Ontario Wednesday. This was a junior high league game and the defeat spoils the record of the local five.

A local seventh grade team was organized to meet the Ontario eighth grade second team, with the local team losing.

Jungingers Parents of 8¼ Pounds Son

Mr. and Mrs. Verne Junginger are parents of a boy born Feb. 2. As proprietor of the Central Cash market, Mr. Junginger and his wife and daughter, Bonnie, moved here.

The boy, named Bobby, was born at Bell, weighing 8¼ pounds.

ALL CITY EMPLOYES WILL TAKE 10 PER CENT REDUCTION IN PAY

Voluntary Action Results in Saving of Approximately $3,600 Annually

OTHER SAVINGS PLANNED

Local Policy in Keeping With County Action; Tax Burden To Be Lighter

Salaries and wages of city employes will be reduced 10 per cent.

The pay cut is voluntary. A suggestion was made at the city council last night that the payroll total be reduced and this morning persons concerned were interviewed and the reduction is acceptable to the 25 or more persons employed by the city.

The pay reduction will mean a saving of approximately $300 monthly, but in keeping with this reduction, other economies are planned, which will bring the actual saving to the property owners to a larger total.

The reduction includes all the city officials, those employed by the council and those whose salaries are set by law. This action is in keeping with the general policy in public concerns. San Bernardino county officials recently ordered a 10 per cent reduction and the local saving will be along the same policy of reducing taxes.

Passage of Orchard Heater Law Delayed

Presented with an ordinance, drawn up uniformly for adoption in all cities in the citrus district, the Upland city council last night delayed passage of the measure.

Study will be given to various features of the proposal and the measure will be considered at a later date.

Pictures Seen Today in School Assembly

Through the efforts of the eighth grade history class, Upland junior high school students today enjoyed several reels of educational and humorous pictures.

The moving picture machine, acquired by the students, is proving to be a popular fixture and of benefit to the school, it is reported. Assemblies are held every Friday morning, to which the public is invited.

Revenue Collector To Be Here Two Days

To assist people in the Upland district, the deputy collector of internal revenue will be at the Upland chamber of commerce March 1 and 2.

The official will be in Ontario city hall four days, starting Feb. 25.

DANCING REQUEST IS TURNED DOWN

Chaffey Board Refuses Students Social Privileges; Building Accepted

No change will be made in the policy on the Chaffey high school campus concerning student dances, the matter being settled again last night when the Chaffey board of education turned down the request of students to permit this social activity.

Signed by students, a petition called upon the school officials to permit class and student body dancing, was considered, but the board continued its policy and the request was turned down. Many letters had been received from persons interested in seeing that the request was not granted.

The new Chaffey junior college building was officially accepted from the contractors, J. W. Nethery & Son. Actual occupancy of the building will be started next week, although some features of the plant will not be finished until the financial situation is relieved. A public inspection of the entire Chaffey plant will be held next month.

To permit proper landscaping, the orange trees in front of the building will be pulled up. Lawn is to be planted and shrubbery set out.

Officials to conduct the Chaffey school district election next month were appointed. Terms of C. C. Graber and Howard Berg will expire at that time.

Leila Ruth Hubbard Dies This Morning

Little Leila Ruth Hubbard, two and a half years old, daughter of Mr. and Mrs. Leo. W. Hubbard of Sixth avenue, died early this morning at the San Antonio Community hospital, where she had been under treatment for the past three weeks.

Mr. and Mrs. Hubbard have been in Upland but a short time and there are three other children in the family.

Funeral arrangements are not yet completed, but the service will be held at the Stone funeral home, probably Monday morning.

N. E. W. Circle Has All-Day Meeting

The N. E. W. circle of the Ladies Aid society of the Methodist church held an all-day meeting yesterday at the home of Mrs. F. B. Harn, 676 Euclid avenue, Mrs. C. E. Tyler being assistant hostess.

The usual contributed dish luncheon was held at noon and the remainder of the time was devoted to piecing quilts. Sixteen members were present and a profitable and pleasant day was spent.

Mr. and Mrs. Garner Sell Home Ranch; To Go to Missouri

Mr. and Mrs. Ben V. Garner have sold their home and one acre lemon ranch on West Tenth street at Central avenue, and will leave here about Feb. 14 for their former home in Missouri for an indefinite stay. They will be accompanied by Mrs. Garner's mother, Mrs. J. H. Turner, of Cameron, Mo., who has been visiting in the Garner home this winter.

Mr. and Mrs. William Morton, who recently sold their home on West Ninth street and moved to Pomona, are the new owners of the Garner home and will take possession as soon as it is vacated.

Mr. and Mrs. Garner expect to make a short visit in San Diego en route east and will spend some time visiting in Kansas City St. Joseph, Cameron and other points in Missouri before locating definitely.

The Garners have been closely identified with Masonic and Eastern Star circles and civic and social activities in Upland and have many friends here.

Distributors Pick Up Advertising in City Under Threat

Distributors of an advertising section of a San Bernardino paper were given the privilege yesterday of picking up several score copies of the publication, which they had thrown on doorsteps of Upland houses.

Clair E. Kirk, chamber of commerce secretary, was advised of the distribution and immediately he and Sergeant Cecil Myers were consulting the paper men. The local officers gave the men the alternative of paying a $25 fine or picking up the papers. They picked up the papers.

Leaman Is Re-elected Canyon Ridge Head

J. B. Leaman was re-elected president of the Canyon Ridge Water corporation at the annual meeting this week. Mr. Leaman is also general manager.

Other officers re-elected were G. B. Ford, Jr., vice president and treasurer, and Stella Breffle, secretary. Directors along with Mr. Ford and Mr. Leaman are N. L. Mitchell, B. F. Engle and W. F. Naftel.

Chino Basin Group To Meet on Monday

Annual meeting of the Chino Basin Protective association will be held in Chaffey auditorium on Monday, with Albert Reynolds, president, in charge.

Richard G. Manley, city service manager, was authorized to represent the city.

Our Loans to Europe

The current issue of The National Republic contained the following very interesting editorial comment on the "financial and economic involvements of the United States with Europe":

"The roots of our present trouble in this country are in the financial and economic involvements of the United States with Europe, for some of which the World War was an excuse and not a reason. We have been as a nation trading assets for liabilities to the profit of a very few Americans until we have been compelled to awaken from the great delusion that the resources of this country are inexhaustible, and its ability to sacrifice its own to foreign interests is illimitable. We have been chloroformed by sentimental and financial internationalists into believing that we could go on forever being the world's good thing, without finally reaching the cold gray dawn of payday. With an army of 6,000,000 unemployed, and with a deficit in national revenues of two billion dollars because American income has so dropped that it cannot begin under our present tax rates to pay the cost of government, we ought to begin to get out of this ordeal at least the benefit of a disillusioning experience.

"Some facts of interest came out in the debate on the moratorium in the Senate not long ago. We loaned France $4,025,000,000 during and after the World War. Of this amount $1,655,000,000 was loaned after the war, and $400,000,000 of it was for materials we had in France at the end of the war, to the value of two billion dollars, which France sold at a large profit over the amount she agreed to pay, after forbidding this country to sell the materials on the open market. Because of this transaction we might say that France paid no part of her debt to us. But the value of the Franco-American settlement at the time it was made was $1,681,000,000, approximately principal and interest of our loans after the war, with France given 60 years to pay.

"We loaned Belgium $417,780,000. We collected only the post-Armistice debt of $246,000,000.

"We loaned Italy $2,042,000,000. Her post-Armistice debt with interest was $800,000,000. We got an agreement to pay a value of $426,000,000.

"Great Britain was the only nation that came anywhere near settling her debt to the United States. We loaned England $4,600,000,000. Of this $581,000,000 was loaned after the Armistice. But $1,682,000,000 of England's debt represented 'exchange and cotton purchases'; not for supplies we furnished England, but to stabilize sterling exchange, and enable England to make purchases in other countries at a maintained exchange rate. With interest our post-war advances to England amounted to $600,000,000. The value of our entire debt settlement was $3,297,000,000. England did not do so badly, and she got 60 years to pay.

"We took nothing by way of territory or indemnities at the peace conference. Our associates divided up land areas equal to that of the entire United States. We got absolutely nothing out of the war. We made great sacrifices evidently with the purpose of putting Europe on her feet after the cataclysm of war. We have had our reward in continuous denunciation as a Shylock because we were willing to take back any of this money our people had paid. We have faced the demand that what is owing us be made dependent on what Germany is expected to pay the allies, although the two matters have no connection except that which has been established by our participation in conferences on reparations settlements.

"Borrowing has followed borrowing until we have become deeply involved in the European 'mess.' Now we are told that unless we wipe out the debts, tear down our economic defenses and take upon ourselves further financial burdens, Europe is going to go right on crisising, sink and take us down with her.

"Thus pretense of European inability to pay is a fraud. Payments due the United States from Europe under the settlement are only two and a half per cent of the amount Europe pays this country per year on all accounts, these payments, aggregating ten billion dollars, being offset by payments we make Europe on all accounts. The continuance of debt payments agreed upon by France would cost each Frenchman $1.25 a year. The annual burden is little greater in any case, much less in some, than this per capita burden on France. Within the last six months the United States, governmentally and through private bankers, has advanced new loans and postponed old obligations in Germany and England to the amount of a billion and a quarter, or five times as much as the annual payments due on debt account, and that payment of a quarter billion has been postponed through the moratorium. Still goes up the cry: 'Give or we perish.' We have been doing this for a dozen years, with what result to ourselves or to Europe?

"It is entirely clear at this time that European banking interests have determined to make the United States pay the German indemnities, and that this movement is powerfully supported in the United States."

More than six billion less cigarets smoked in 1931 than during the preceding year, so the papers stated a few days ago. Isn't that a pretty good answer to the kind of propaganda the manufacturers of "fags" are putting out. Seems the public is getting somewhat tired of the radio harrangue and the kind of advertising being done in newspapers and on billboards.

Still we insist—after the experiences with them this winter there is yet ample reason for calling them "smudge pots." While there may be exceptions to the rule—the "smudge pots" have it by a large majority.

If you don't support your home town by buying your commodities there—why should you expect it to support you by giving you a job?

About the only musical ability (if that's what you want to call it) too many people possess is that of playing on the automobile horn.

Uncle Sam continues to break world records. Now we're running the biggest national deficit ever run up during peace times.

The reason so many people get so little out of their own town is because they put so little into it.

Truth in Advertising

San Bernardino Evening Telegram: The wind-bag has been found out. Today the world of business and achievement wants performance, not grandiloquence. Deeds, not claims, are the standards by which ability is now measured.

This applies to advertising as well as to individuals. Inflated statements in advertising may have brought business in the infancy of advertising, but today the inflation must be confined to the values offered. This is the day of honesty in advertising, when advertisers who are careless with the truth are speedily found out.

Dishonest advertisers hurt themselves, the buying public and the institution of advertising. They deceive the buyer, destroy public confidence in themselves and in their merchandise and rob advertising of some of its vital force. A magazine writer sounds this warning:

"The sharp edge of advertising is believability. Since advertising belongs to business—not to any one business—whoever dulls it hurts business. If confidence in one man's advertising is lessened, confidence in all advertising tends to be lessened."

Newspaper advertising is the most truthful and dependable because newspapers for their own protection and for the protection of their readers bar dishonest advertising from their columns. This is just as essential as truth in the news columns, for in this day and age newspaper advertising is news to which the public daily turns and upon which it depends for "news" that touches its pocketbook and vitally affects its everyday life.

Taxes

Claremont Courier: "We cannot squander ourselves into prosperity."—Herbert Hoover.

At direction of President Hoover, the federal budget has been pared down by $360,000,000. But already in congress bills have been introduced totaling $40,000,000,000 for the next five years. The theory, a vicious one, is based on the idea that spending will restore prosperity.

But some day these millions must be paid back, and you and I will pay them in taxes. And, always remember, plus interest.

Even creating jobs to care for the unemployed is only a palliative.

Congress should lower its appropriations by a billion dollars instead of increasing expenditures. The budget now is $4,000,000,000 annually.

A California candidate for United States senator campaigning over the radio recommends a six billion dollar bond issue as a cure for our national ills. He would make the rich pay it all. And the worst of it is, a lot of voters will fall for such vote-getting propaganda.

Senator Moses Wise to Refuse

San Bernardino Sun: Senator Moses of New Hampshire, offered $15,000 a year for a short weekly radio broadcast of congressional comment, was well advised to refuse it. He is said to have given the broadcasting company the excellent reason that if he said what he really thought on contemporary matters and men at Washington, he would be getting into hot water, and if he didn't say what he thought, his remarks "wouldn't be worth a nickel." Other men in public life, similarly tempted, may take a hint from him.

The incident is a reminder of

Pie a la Cookbook

Husband: "Goodness sake, I smell something burning!"

Wife: "Yes, it's the pie, but according to the cookbook, I can't take it out for another twelve minutes."

William Jennings Bryan's "Chautauqua Circuit" activity when he was secretary of state, and of the criticism he won thereby. A sense of propriety should keep prominent public men from such exploitation. Random comment on vital public affairs and persons can be indulged in more properly by private citizens.

NEWS OF YESTERYEAR

Taken from News Files

FOURTEEN YEARS AGO

Within one month of the time of sending the last box, the Upland chapter of the Red Cross yesterday sent a box of 311 knitted articles to the boys in camp. The value of the box was little less than $1,000. Mrs. T. R. Woodbridge and Mrs. H. W. Flowers have been leaders of the knitting department.

Miss Fannie D. Noe spent Tuesday in Los Angeles attending a conference of Junior Red Cross officials.

Mrs. George Cable, Mrs. F. H. Manker and Miss Margaret Jay went to Pomona this week to view the food exhibit in the Pomona library.

G. A. Hanson left yesterday on a trip to Owens valley, accompanied by Mr. DeJussey, who has been visiting in Upland for two months.

Miss Ethel Rohrig has gone to Los Angeles to spend the week-end with friends.

All friends and members of St. Mark's parish are invited to meet the Rev. Mr. and Mrs. Eubanks and their daughter, Florence, at a reception to be given this evening by the vestry and St. Mark's guild in the Upland Woman's club rooms. The Rev. Mr. Eubanks is the new rector of St. Mark's.

Judge Crane has just been named explosives licensing agent of the bureau of mines. In order to purchase and use explosives a permit from Judge Crane will be necessary.

Mr. and Mrs. Faul Schowalter and small son, Donovan, spent last Sunday in Los Angeles visiting in the P. M. Goertz home.

Mr. and Mrs. P. J. Schmidt received a cablegram Monday from their son, Gerry, stating he had arrived safely at some European port.

The Ulster society of Los Angeles has invited the Upland Tipperary quartet to sing at its monthly reception on Feb. 14. The quartet includes J. H. Black, J. M. Webster, Dr. A. J. Colgan and J. L. Grahame.

Miss Mary Hanisch, of Mt. Carmel, Ill., is the guest of Mrs. N. E. Taylor at her home on Laurel avenue.

Mr. and Mrs. E. H. Haury, with their guests, Mr. and Mrs. Bergman and children of Washington, went to Los Angeles Sunday and attended services at the Mennonite mission.

Mrs. C. E. Allen had as her guests Tuesday Mrs. Mark B. Shaw, Mrs. Harold D. Shaw and son, of San Bernardino, and Mr. Donald Brown and son Donald, of Colton.

Mrs. F. J. Claugher of West Ninth street and Mrs. E. Caldwell of Los Angeles left Monday for Turlock for a several weeks visit with Mrs. Claugher's son, Bert Claugher, and family, who will leave in March for their new home in Canada.

TEN YEARS AGO

With 16 automobile parties marooned at Camp Baldy and as many more automobiles resting securely in the snow banks along the road, San Antonio canyon is tucked away in a blanket of snow from one to three feet deep, while in Ice House canyon the drifts are five feet deep.

C. C. Hamilton, automobile man and rancher, has purchased 120 acres and George Belcher, rancher, has purchased 60 acres of land near Nineteenth street and Carnelian avenue from the San Antonio Water company.

Mrs. C. H. Spencer has sold her six acre ranch on West Twelfth street to Mr. and Mrs. Joel Gillingwators of Claremont. Mrs. Spencer who is business manager of the Upland Business Women's club, will remain in Upland for a few months.

Mr. and Mrs. Geo. L. Winter will attend the Wisconsin picnic in Sycamore Grove, Los Angeles, on Feb. 11. They will be accompanied by Mr. and Mrs. E. S. Erswell of Ontario, former Wisconsin friends.

The board of supervisors authorized completion of the purchase of the San Antonio toll road to Camp Baldy from the San Antonio Water company.

Mr. and Mrs. Geo. L. Winter have had as their geusts, Mr. and Mrs. H. MacMahon of Estes Park, Colo., who are wintering in California.

Miss Bertha Allen of Pasadena, on furlough from Foochow, China, and Miss Elizabeth Allen, a student in Pomona college, were guests yesterday of their uncle and aunt, Mr. and Mrs. F. H. Manker.

Mr. and Mrs. Ferris Steiner entertained members of the Pleasant View Community club at their home on East Twelfth street Friday.

Russell Kent, son of Rev. and Mrs. C. A. Kent, won the W. C. T. U. gold medal essay contest held at the grammar school. Other contestants were Caroline Brownson, Marion Hall, Alice Riley, John Mehl. Ida Vernon was ill and could not read her essay.

Mr. and Mrs. C. L. McKeen of Second avenue are enjoying a visit from their son, J. L. McKeen, of Lewistown, Mont.

Clarence Jordan of Ninth avenue has purchased property on West Fifth street in Ontario and he and Mrs. Jordan will probably make their home there.

In order that she might escape the rigors of winter, Mrs. John Goodson, sister of Mrs. J. B. Leamon, arrived last week from the east and stepped from the train into one of California's unusual snowstorms.

Mr. and Mrs. Charles Anderson who have been residing in Covina, have returned to Upland to make their home here.

Letters to The News

MRS. GERTRUDE HALL WRITES

Jan. 27, 1932—Dear Mr. Guy:—Am enclosing two dollars for the News for this year. Even though I am far away I still think of Upland as home, after living there for 21 years this month. Many of my friends live there and I will always be interested in taking the Upland News, and also to keep up with its latest developments.

The expensive additions to the packing houses lead one to think the orange and lemon industry expect a still greater future, in spite of the low orange prices and depression. Anyway, there is no place like California—the people can always exist, if only on climate and plenty of orange juice.

As to Minnesota, there are few starving here, as it will always be a bread and butter state. By that I mean it has plenty to eat. The farmers get very little for anything they raise, as grain does not pay to haul to the mills; eggs are 10c a dozen; a dressed hog $5.00, chicken $1.00, and the farmers asking everyone to buy their meat directly to get cash. Cash is what they want; they have plenty to eat and plenty of fuel. My father, who is a pioneer in the grain and milling business, says he can never remember when prices for grain were as low. I think it's the great cities in our country who feel the depression most keenly, but Minnesota so far is holding her own.

Mrs. Gertrude Hall.

To the Editor:

One who knows trees meets them like old friends. For thirteen years we pruned and cared for the cypress and pepper trees in front of our Tenth street property, now belonging to the Glenn Wright family. These particular trees must be nearly fifty years old. How they will be missed if cut down. The beauty of the homes will not be enhanced and the street, once so good looking, will become bare and forlorn in appearance.

We had a large log under one of those graceful pepper trees and sometimes auto parties would stop for a picnic lunch in that spot. If there were any good "eats" left they usually insisted that I take them, and I didn't object.

The pepper tree, a native of South America, is not found in many parts of the world. Tourists greatly admire this graceful tree with its pretty red berries. It is fine for decorative purposes as well.

Upon reading in The Upland News that these trees, with others, are to be destroyed, I was filled with regret and do hope this decision may be reversed. The property owners are sad at heart over the loss of these trees. Perhaps it would be well to leave some worthwhile trees as a legacy for the coming generation. What think you?

"Can Beer Bring Prosperity?"

In the Christian Century for Nov. 4, 1931, an editorial entitled "Will Beer Bring Prosperity?" is an adequate answer to the argument that legalized manufacture and sale of beer and light wines "would give work to millions, absorb the surplus stock of grains, produce a billion dollars in revenue, making it possible to balance the federal budget and reduce the income tax."

Laying aside the moral, social and political aspects of the liquor question and concentrating attention on the economic aspect, the editor admits that, viewed superficially and supported by heated rhetoric, these propo-

ERNEST MEHL WILL BE MERCHANT HEAD

Group Organizes for Year as Businessmen Convene for Discussion

Ernest C. Mehl is today scheduled to become head of the merchants' committee of the Upland chamber of commerce as the result of an enthusiastic meeting held in the Davis Coffee shop on Wednesday night. Guy Clark will be vice-president with Clair E. Kirk, secretary-treasurer. These elections will be sent to the chamber of commerce directors as a recommendation. Glenn M. Atwood served as the head last year.

Closer cooperation among the merchants in serving the public is expected to result from the organization. Meetings will be held once a month. Mr. Mehl appointed various committees to work on various phases of matters presented.

Present at the meeting were Mr. Mehl, L. H. Cortright, James E. Goodban, Mr. Atwood, Ernest Olson, J. E. Engle, J. F. Bert, J. W. Scott, Mr. Kirk, G. B. Witman, Verle Ehresman, Lisle W. Reinhold, W. F. Booth, Dr. Ralph D. Ryan, Fletcher H. Manker, Vernon V. Paine, Walter W. Horak, Owen Davis, Cecil Dazey and J. M. Ross.

Commission on Deal Cancelled Following Trial in Court Here

Mrs. Frances Nesch will not have to pay the $295.75 judgement placed against her in Judge George R. Crane's court as the result of a suit brought by John B. LaPlant, real estate agent, for commission alleged due on the sale of a San Antonio canyon resort.

LaPlant cancelled the judgment after officers of the Ontario-Upland Realty board took up the matter. Mrs. Nesch refused to pay him the commission on grounds that he had no realtor's license. LaPlant admitted that at the time the transaction was closed his license had expired. Accepting commission without a license is against the law, the agent was advised and the judgment was cancelled.

Leap Year Calendar Marks Dates of Annual Citrus Fruit Exposition

—BY G. N. P. A.

There are some real red-letter dates on the 1932 February calendar and pretty Miss Pat Rich, Glendora High School girl, smilingly presents a page marked with the dates of the National Orange Show at San Bernardino. The show will have a Colonial scheme — Washington's birthday falls during the show — hence the scene showing the First President posing for his portrait at Mt. Vernon. Many beautiful Colonial paintings will mark the Orange Show decorative plan.

News of American LEGION . . . and Auxiliary

Under the direction of Frank C. Davis, the American Legion Boy Scout troop is going ahead rapidly. Twenty-three boys are in the troop, meeting every week. Lex R. Lucas, local scout executive, commended the scout group and Mr. Davis for his efforts in improving the morals, the program and increasing the interest in the various activities.

As the result of the post's activity, cards, bearing the names of the three patriotic holidays during the year, have been distributed to all Upland merchants. These cards will be displayed by the merchants in advising the public that business institutions will be closed on the dates listed.

The post distributed these cards in appreciation for what the merchants have done for the Legion from time to time. It has been the custom for some person, using the excuse of an ex-service man, to sell the merchants similar cards. The local post's efforts will halt this "racket" locally.

Upland post of the American Legion has decided to discontinue its efforts in connection with the Victorville rest camp. Beds for disabled veterans are available at the government camps and it is unnecessary at present for the Legion posts to look after hospital treatment for the disabled, it was reported.

Money paid by the local members toward the fund will be returned. The post had obligated itself to build one cabin, which along with other cabins built by other posts, would have been a place for the ex-servicemen to rest and recuperate.

The meeting in the club house Tuesday night was featured by Dave L. Vasbinder's address in which he told of the conservation and fish culture projects being sponsored by the Izaak Walton league. Mr. Vasbinder is president of the Southern California council of the league and his relation of the work in the interests of improving hunting and fishing conditions made a hit with the post members.

Ten local legion men will be at the meeting of the San Bernardino county council in Ontario Tuesday night, it was indicated.

Going to Redlands tonight to attend a meeting at which state legion officials will speak will be Earl E. Marsh, Thomas E. Howarton, Floyde Atwood and Dwight Ellis.

She Knew Them

"Aren't there a lot of useless words in the English language?"

"Yes, and my wife knows them all."

TWO FINE FEATURES ON THEATER LIST

"Corsair" and "Her Majesty Love" Will Be Offered This Week-end

Marilyn Miller, radiant dancing comedienne of "Sally" and "Sunny," is to be seen Sunday and Monday at the Upland theatre with Ben Lyon, in "Her Majesty, Love," her latest starring vehicle.

Miss Miller is more charming than ever in this gay romance of Berlin and Italy. She plays the part of coquettish Fraulein Lia Toerrek—who evolves from a barmaid to a butterfly baroness—not that the aged baron matters so much—with young Fred von Wallengen always in the offing.

Others in the cast are W. C. Fields, Chester Conklin, Ford Sterling, Leon Errol, Harry Stubbs, Maude Eburne, Alfred James, Ruth Hall, Mae Madison and Don Novis. William Dieterle directed.

Marilyn Miller's personality has always captivated—when she danced for the pickaninnies at her grandmother's home in Memphis, Tennessee—when she was Mlle. Sugarplum, toe-dancer, at the age of five—when ballerina of the Winter Garden at sixteen—when winning the praise of the Prince of Wales for her dancing and mimicries at the Embassy Club in London, when catching and holding the fancy of Broadway.

CHESTER MORRIS COMING TODAY, TOMORROW

Chester Morris emerges in "Corsair," at the Upland theatre tonight and Saturday as a full-fledged United Artists star—an elevation which brings the young actor into the ranks of Chaplin, Fairbanks, Colman and Cantor.

Thus a Broadway actor who three years ago was unknown to picture audiences has reached the heights of stardom. In 1929 Morris was imported from Broadway to portray the leading role in "Alibi," a picture which made him a celebrity almost overnight. His work since that time in "The Divorcee," "The Big House," "The Case of Sergeant Grischa" and "The Bat Whispers" brought him a following which is exteremely flattering.

Library System To Be Subject of Skit

Eleven hundred persons have signed at the Upland public library in the self-charging system and the local plan is working so well the staff here has been asked to present a description of it at the meeting Saturday of the San Antonio Library association, Pomona.

Presenting it in skit form, Mrs. F. H. Manker, librarian, and her staff, will depict how the system works. Mrs. George West and Miss Elsie Carr and Mrs. Manker will be in the program.

Sparkling Comedy Is Seen in Presentation of "Enchanted April"

Sparkling comedy was the note struck by the Claremont Community Players in their production of "The Enchanted April," Kane Campbell's stage version of the well-known novel by "Elizabeth," which opened Tuesday at the Little Theatre in Padua Hills, it was learned from attending Upland residents. The play will continue through February 4, 5 and 6, with a matinee February 6.

Players in "The Enchanted April" are Myrtle S. Edwards, Mildred Ricciardi, Anne Wrightsman, Lela V. Ackerman, Christine Galitzi, William McLeish Dunbar, H. T. Richards, Everett S. Olive, Edward T. Price and Dorothy Dice.

Opening in a conventional woman's club in London, where four women agree to rent an Italian castle, the action proceeds with the first act to the shore of the Mediterranean, where the characters are precipitated into a variety of laughable situations. The play is directed by Mary C. Blaisdell.

Plan to Federate Heard by Upland Picture Council

Appearing before the Upland Motion Picture council, in session Tuesday at the home of Mrs. Leon Durham, Mrs. Bondaman, chairman of the department of education of the Pomona Valley branch of the American Association of University Women, told of plans of her organization to sponsor a valley council, or a federation of all motion picture councils in the valley. The object of such a federation, she said, would be to unify and advance the work of all the councils in securing better motion pictures.

Mrs. Bondaman told of a luncheon to be held in the Claremont Inn at 12:30 next Tuesday, at which the speaker will be the president of the state council, and members of the Upland council were invited to attend.

Some time was spent in reviewing pictures and papers pertaining to better motion pictures were read by Mrs. L. J. Horsch and Mrs. J. H. Freeman.

Mrs. Horsch presided as president during the meeting.

Bandstand Is Down After Long Service

City workmen today were removing the final sticks that for years have been a part of the band stand in the D street park. Ordered down by the city council months ago, the shell, which for years housed the municipal band, is a thing of the past.

When the voters turned down the band several years ago, need for the band stand passed. The wood is being used on other city projects or being given to the needy.

Political Maxims of Washington's

"Influence is not government."

"Let us have a government by which our lives, liberties and properties will be secured."

"The aggregate happiness of society, which is best promoted by the practice of a virtuous policy, is, or ought to be, the end of government."

"My politics are plain and simple. I think every nation has a right to establish that form of government under which it conceives it may live most happy; provided it infracts no right, or is not dangerous to others; and that no governments ought to interfere with the internal concerns of another, except for the security of what is due themselves."

"If any power on earth could, or the Great Power above would, erect a standard of infallibility in political opinions, there is no being that inhabits the terrestial globe that would resort to it with more eagerness than myself, so long as I remain a servant of the public. But as I have found no better guide hitherto, than upright intentions and close investigation, I shall adhere to these maxims, while I keep the watch; leaving it to those who come after me to explore new ways, if they like or think them better."

"Republicanism is not the phantom of a deluded imagination. On the contrary, laws, under no form of government, are better supported liberty and property better secured, or happiness more effectually dispensed to mankind."

"There is a natural and necessary progression, from the extreme of anarchy to the extreme of tyranny; and arbitrary power is most easily established, on the ruins of liberty abused to licentiousness."

Keeping His Word

"I'm sorry," said the tenant, "but I can't pay you this week."

"But you said that last week, and several weeks before that," snapped the landlord.

"Yes, and didn't I keep my word?" replied the tenant blandly.

Mrs. Cole Pritchard Will Be Heard at Club Luncheon

An address that promises to be as delightfully interesting as it is informative, will be heard Tuesday by members of the Upland Woman's club when they gather for their luncheon and program.

The speaker will be Mrs. Virginia Cole Pritchard of Los Angeles, one of the well known speakers of Southern California.

"Current Events, Drama and Literature" is the combination subject to be discussed by Mrs. Pritchard and she also will review some interesting book in connection with the two last divisions. She has a reputation as being an unusually entertaining speaker.

The club members also will have the pleasure of hearing the large club chorus in a group of songs. The chorus, directed by Mrs. D. C. Perry, is gaining rapidly in proficiency and the singing is expected to be a feature of the program.

An experiment in the serving of the luncheon is being tried and there is considerable interest in the outcome.

Washington Program Held by Business Women's Club

Graphic word pictures of Washington, the soldier, the patriot and statesman, and Washington, the man, husband, stepfather, neighbor and country gentleman, were presented to members of the Upland Business and Professional Women's club in dinner session at the Davis Coffee shop Tuesday evening.

The speakers were Miss Lois LeBaron Avery of the Chaffey faculty, Mrs. Una R. Winter, and Mrs. W. B. West.

The program followed the very excellent chicken dinner served in the attractive dining room, and was opened by Mrs. F. H. Manker, club program chairman, who presented the numbers, the first of which was assembly singing of George M. Cohan's new song, "Father of the Land We Love," written especially for the Washington bi-centennial celebration, Miss Ruth Kilpatrick at the piano and Mrs. Ralph J. Wilson leading.

Miss Avery spoke of the purpose and plans of the Washington bicentennial celebration and then told many interesting things about the ancestry and early life of Washington, leading on through the trying years of the Revolution from which the great man emerged with the title, "Father of His Country." The bi-centennial commission, Miss Avery said, is endeavoring to clear away the mist of myth that surrounds Washington's name and to present him before the people as their fellowman, a man of great courage and wisdom and strength of character, but also a very human man.

Mrs. Winter took up the story, telling something of the human side of the great man's character, his devotion to his wife and companionship with his step-children, his enjoyment of social life, love and loyalty for his friends and love of home life, and his quick temper and long suffering patience.

Lastly, Mrs. West told interestingly of Washington's religious life, of his insistance on church attendance, of his own reverential attitude and his broad-minded tolerance for all religions. She also gave a very appealing account of a visit to beautiful Mount Vernon.

A fitting close for the program was a dainty minuet beautifully danced by the Misses Marie Standlea and Lucy May Randle, with piano accompaniment by Ruth Kilpatrick.

The table and room decorations carried the patriotic motif, red and blue ribbons on the white table linen giving the national colors, and tall red candles glowed along the length of the three tables, while the place cards were clever red, white and blue hatchets. Flags were placed about a large picture of Washington.

Preceding the dinner, Mrs. Gladys Riley Chormicle, club president, conducted a business meeting during which Mrs. M. H. Bailey was appointed to represent the club at a meeting of the city council Thursday night when a number of organizations and individuals will protest the proposed removal of the pepper trees on West Tenth street.

Mrs. Nora M. Eells, president of the Upland Woman's club, extende dan invitation to the business and professional women to tended an invitation to the busigiven at the club house on Tuesday, Feb. 23.

The program committee for the evening included the February birthday members, Miss Linda Schmidt, Miss Nellie Randall and Mrs. Maud M. Linsley, with Mrs. F. H. Manker as club program chairman.

Club Music Section Will Meet Friday

Time of meeting of the music section of the Upland Woman's club has been changed from the first of the week to Friday afternoon of each week, beginning at 2:30 o'clock, in the club house.

Mrs. D. C. Perry, chairman of the section, is proving to be a most efficient chorus director and interest in the work is increasing.

The object of the chorus, which now has a large membership, is to increase its proficiency in ensemble singing by diligent practice, and this purpose they are accomplishing admirably. Besides some special features they may give from time to time, the members of the chorus expect to be ready to assist at any time with the musical part of the regular club programs.

But their frequent rehearsals are by no means all work, the singing and the social contact being greatly enjoyed.

Public Speaking and Law Section Meet

Presiding as president for the day, Mrs. W. H. Andrews conducted the meeting Tuesday afternoon of the Upland Woman's club public speaking and parliamentary law section, of which Mrs. Una R. Winter is chairman. The meeting was held in the club house and drew a good attendance. Others filling office were Mrs. Donald Hill, secretary; Mrs. W. F. Kitchel, critic, and Mrs. C. W. Hawks, program chairman.

Three five-minute speakers provided the program, Mrs. Nora M. Eells speaking on "The Temptations of Our People." Mrs. Miles Harnly told of the romance of "The World's Match Industry," and the third speaker, Mrs. O. A. Thompson, described a wonderful sunrise she once saw from the summit of Pike's Peak.

Mrs. Winter concluded the session by giving an instructive talk on the duties of the major presiding officers.

Mrs. J. A. Pitts and Mrs. Geo. P. VonStein were hostesses during the tea hour.

For the next meeting, which will be on Tuesday, March 1, Mrs. D. C. Perry will be president; Mrs. F. C. Buffington, secretary; Mrs. Clyde Whiteley, program chairman; Mrs. Sarah Nelson, timekeeper; Mrs. J. E. Sargent, critic; Mrs. Leon Durham, Mrs. W. B. West and Mrs. John Scott, speakers, and Mrs. Etta Johnston and Mrs. Miles Harnly, hostesses.

Red, White and Blue Club Holds Social Meeting—

Members of the Red, White and Blue club enjoyed a social gathering Tuesday in Crowell hall, beginning at noon with a contributed dish luncheon.

During the afternoon the 25 members attending found numerous interesting things to discuss, many of them working on their individual sewing while chatting with their neighbors.

Mrs. A. C. Hall and Mrs. Kitty Toerpe are the social committee in charge of the club meetings this year and the luncheon and party Tuesday was planned by them.

Miss Louise Norton Hostess At Delightful Snow Party—

One of the several week-end snow parties was held in the R. C. Norton cabin in upper San Antonio canyon, when Miss Louise Norton entertained several of her friends.

The snow was deep enough to afford various sports for the more venturesome, and all in the party enjoyed the snow storm Sunday. Dancing at Ice House canyon resort and indoor games added to the enjoyment of the week-end.

Miss Norton's guests were the Misses Barbara Bridge Ruth Mathews, Gladys Bowden, Esther Guy and Helen Guy. Others in the party were Mr. and Mrs. Norton and their guests, Mr. and Mrs. H. M. Guy.

Mrs. Avery Entertains for Members of Pinocle Club—

Members of the Pinocle club were luncheon guests of Mrs. Wm. S. Avery Wednesday when they met in her home at the Upland Inn. The afternoon was spent in playing the favored game of pinocle.

Mrs. Frank Baxter is to be hostess at the next club meeting.

Bridge Club To Give Benefit Saturday for Baby Fund

The club house of the Upland Womans club will be the scene of a merry bridge tea Saturday afternoon and as a result the baby fund, maintained through the Woman's Auxiliary of the San Antonio Community hospital, will be given a new start.

The benefit tea and bridge is being given by the Tuesday Evening Bridge club in the interest of the hospital auxiliary, particularly the baby fund, which is used to provide hospital care for sick babies who otherwise could not go to the hospital. This fund is now showing a deficit.

The Upland Woman's club has generously donated the use of the club house, and many individuals have made liberal donations of materials for the tea. Those in charge have received splendid response from the women of the several communities served by the hospital and a financially successful as well as a very enjoyable social event is expected.

Assisting the members of the sponsoring club will be Mrs. J. H. Titus, Mrs. Harvey O. Chapman, Mrs. Harold Latimer and Mrs. Sanford Ballou.

Motion Picture Party That Is Different Is Planned by Club

Although the February meeting is just over and the next dinner meeting is yet a month away, members of the Upland Business and Professional Women's club already are showing much interest in the March program being planned by the committee for that month.

A motion picture party is to be held at the Davis Coffee shop, not to see pictures, but to make them. Everyone attending is to wear a costume of some kind.

One may impersonate or burlesque her favorite screen actress—or actor—or just make up a costume, comical, hardtimes, "tacky," or any kind, of old clothes on hand. There need be little expense involved and a clever makeup will help out lots.

Publicity of the plans is being given now in order that there may be fair warning, for dire things may happen to the member who comes without a costume of some kind. And as for the member who dared stay away without good and sufficient reason, there is no way of telling how long her dereliction would be regretted.

But the costuming is to be only a part of the grand scheme and fun and frolic galore are promised.

Mrs. I. J. Linkey Entertains for Firemen's Wives Club—

With the valentine motif used effectively in the decorations and table appointments, members of the Firemen's Wives club enjoyed a delightful luncheon at the Firemen's cabin Wednesday, Mrs. I. J. Linkey being the hostess.

Much of the afternoon was devoted to bridge playing, some time being reserved by visiting and merry chatting, and prizes were won by Mrs. Bert Nichols, high, and Miss Verona Schumacher, low.

Guests attending the party were Mrs. Bert Nichols, Mrs. F. H. Manker, Mrs. L. N. Kirk, Mrs. Milton Huxtable, Mrs. H. L. Manker, Mrs. C. O. Deverts, Mrs. C. K. Francisco, Mrs. Glenn Atwood, Mrs. G. A. Brest and Miss Verona Schumacher, sister of the hostess, from Pomona, and Mrs. Linkey.

Musicians Enjoy Meeting at Home of Mrs. Johnson—

The meeting of the Music Appreciation section of the Upland Woman's club, held Wednesday afternoon in the home of Mrs. Earl Johnson, was particularly enjoyable, the study of Rimsky-Korsakow's "Scheherezade" as conducted by Mrs. Johnson, revealed much of interest to the musicians in that beautiful symphonic suite.

There was a good attendance at the meeting at which Mrs. W. R. Farmer, chairman, presided. The group will not meet again until the early part of March, the exact time and place to be announced later.

Mr. and Mrs. Nichols Entertain at Dinner—

Mr. and Mrs. T. M. Nichols entertained Tuesday evening for their dinner bridge club, a very happy party being enjoyed.

Mrs. Nichols used the bright japonica blossoms and red candles on the dinner table at which a pleasing menu was served. The evening was devoted to playing bridge.

Attending the dinner party were Mr. and Mrs. Harry C. Kennedy, Mr. and Mrs. Wm. S. Avery, Mr. and Mrs. C. O. Deverts and Mr. and Mrs. Nichols.

Frances Paul Girls Hold Merry Party

Besides affording much merriment, the white elephant sale held during the meeting Wednesday evening of the Frances Paul Girls, netted slightly over $12 for the class treasury.

The party was held at the home of Miss Lela McClelland in Ontario and was a delightfully informal event. No program was arranged, the time being given over to the sale and to the very enjoyable social hour that followed.

Delectable refreshments were served, the hostesses being Miss McClelland, Mrs. M. H. Moremen, Mrs. Elden Atwood, Miss Ethel Hart, Mrs. Chas. V. Benson, Mrs. K. W. Fuller, Mrs. Robert Manker and Mrs. Maud Brogran.

During a brief business meeting conducted by the president, Mrs. A. J. Neilson, plans for welfare projects during the year were discussed. Thirty-six guests were in attendance.

Miss Elsie Carr Is Luncheon Hostess

At a prettily arranged informal luncheon given Wednesday noon by Miss Elsie Carr, daughter of Mr. and Mrs. W. A. Carr, at her home, 117 West Tenth street, for her fellow members of the Upland public library staff, the guests had the unexpected pleasure of exploring her treasure chest, which is now being filled with articles for her trousseau.

Although no formal announcement has been made, Miss Carr's friends have known of her engagement to Paul Groomer, formerly of Upland, but now living in Glendale, and when the staff members accepted her invitation to luncheon they very happily surprised her by bringing lovely gifts. To show her appreciation of their thoughtfulness, Miss Carr opened her treasure chest.

No date for the wedding has as yet been announced.

Miss Carr served a dainty luncheon at a prettily appointed table, spring violets being the flowers used in the floral decorations.

Attending the luncheon were Mrs. F. H. Manker, librarian; Mrs. Geo. W. West, Miss Agnes Flora of Camp Baldy, the hostess' sister, Miss Wilma Carr, also of Camp Baldy, and her mother, Mrs. W. A. Carr.

Farewell Dinner Given for Mr. and Mrs. Garner.—

Mr. and Mrs. Roy Creighton entertained at an informal dinner at their home Thursday night, the occasion being a farewell to Mr. and Mrs. Ben V. Garner, who will leave in about 10 days for Missouri for an indefinite stay.

The dinner hour and the evening following were spent very pleasantly although the merriment was tinged with regret over the approaching departure of Mr. and Mrs. Garner who have many friends in Upland.

Attending the dinner were Mr. and Mrs. Garner, Mrs. Garner's mother, Mrs. J. H. Turner, who is visiting here and who will return to her home in Missouri with the Garners, Morris Stevens, Mr. and Mrs. Crieghton and Miss Irma Creighton, Jack Creighton and little Patsy Peters.

Mrs. John Edward Kinsey Honor Guest at Shower—

A social event that was of interest to many friends in Upland, occurred last week-end when Miss Peg Williams entertained at the home of her parents, Mr. and Mrs. A. J. Williams, 517 Vesta street, Ontario, in honor of Mrs. John Edward Kinsey of Whittier, formerly Miss Harriet Hiller of Upland, with a delightful bridge tea and stork shower. Mrs. Kinsey received many lovely gifts.

Attending the party were Mrs. Kinsey, Mrs. Cleland Folinsbee Baxter of South Pasadena, Miss Ida Vernon, Miss Virginia Scheu, Miss Mary Marshall, Miss Phyllis Marshall of Upland and Miss Frances Freeman and the hostess, Miss Williams of Ontario.

Funeral Service for Mrs. R. W. Frownfelter

Funeral service for Mrs. Randall W. Frownfelter, formerly of Upland, who died Saturday in San Bernardino, were held at the Stephens & Bobbitt chapel in San Bernardino Wednesday afternoon, interment taking place in Bellevue cemetery, Ontario. Both services were conducted by Mrs. Elizabeth Roberts, leader of the Unity Truth Center in San Bernardino.

A large number of friends came from San Bernardino to attend the graveside service and were joined by a number of friends from Upland. Mr. Frownfelter's relatives came from Lomita, Alhambra, Hemet and Upland to be with him, and a sister of Mrs. Frownfelter, Mrs. Fred Herr of South Dakota, came for the funeral, and to be with her father and brother in San Bernardino.

An abundance of beautiful flowers were brought by friends to cover the casket and the new made grave.

STATE AUTOMOBILE LICENSES DIVIDED

San Bernardino County Receives Seventh Largest Amount From State

A huge $6,668,062 melon—the California motorists' money paid to the state in license fees during 1931—was cut today by the Department of Motor Vehicles and distributed to the state highway authorities and the counties to be returned to the motorists in the form of good roads, is the word from Sacramento.

One half of the money, or $3,334,031, went to the Division of Highways of the Department of Public Works to be spent directly by that body on it maintenance program. The other half was distributed to the counties on the basis of motor vehicle registrations, every county in the state receiving a share.

Russell Bevans, registrar of the department, said apportionment would provide the means of keeping hundreds of men employed for another year, thus materially relieving the unemployment problem in line with the program of Governor Rolph.

The division to the counties was made on a total fee paid registration of 2,107,275 motor vesicles, the largest in the state's history.

San Bernardino county with a total of 50,151 motor vehicles registered during 1931, will receive $79,346.56 as its portion of the large amount collected by the state during the year. This is the seventh largest amount received by any county in the state, those counties receiving greater amounts being Alameda, $235,539.87, Fresno $95,699.69, Los Angeles $1,362,240.07, San Diego $126,029.56, San Francisco $249,657.42, Santa Clara, $95,315.23.

800,000 TOURISTS SPEND HUGE TOTAL

Travel Year Ending Oct. 31 Shows Million Dollar Income on Gas Tax

A total of 801,048 out-of-state motor tourists visited Southern California in 305,360 autos for the travel year ending October 31, 1931, and paid $1,503,138.95 in gas tax for 50,610,739 gallons of gasoline while touring the 10 southern counties, it was announced today by Addison B. Day, vice president of the All-Year club, Southern California's national tourist advertising organization.

"The number of out-of-state motor tourists for 1931 shows a 5.5 per cent increase over 1930 and a 28.8 per cent increase over 1929. The grand total of tourist visitors by way of all transportation channels for the travel year ending last October was 1,036,730, a decrease of 4.6 per cent over 1930," said Mr. Day.

"The figures covering the number of out-of-state motor tourists in autos were obtained from the California department of Agriculture as a result of their inspection of every motor car entering the state and do not include cars entering the state riving in their own cars and do bearing California licenses.

"The figures are for tourists arnot include money-spending visitors arriving by rail, steamship, transcontinental stage, or air lines and using public transportation while in this area."

Meetings Held by Presbyterian Women All-Day Thursday

A forum discussion of current happenings in China, led by Mrs. Leon Durham, featured the meeting Thursday morning of the Woman's Missionary society held in the Presbyterian church. The business session which opened the meeting was conducted by the president, Mrs. D. H. Ward, and there was considerable discussion of plans for future activities of the society.

The noon luncheon was held during a pleasant social hour and was followed by the afternoon meeting of the Ladies Aid society.

With Mrs. K. W. Fuller presiding a business meeting was held routine business being transacted and plans discussed. The white elephant sale held for the benefit of the society's treasury, was productive of much fun and several dollars, a neat sum being realized.

The feature of the meeting was a very enjoyable social tea held from 3 to 4 o'clock, the hostesses being Mrs. Thos. W. Nisbet and Miss Rosa Dool. Mrs. Clair Kirk was present with two of her clever pupils, Ernest Farmer, who read Henry Van Dyke's "America for Me," and Nellie Carter who read "The Carpenter Man."

The meeting was attended by about 50 members and guests.

Former Patient Says Hospital Best Thing in Upland, Ontario

The best thing in Upland and Ontario is the San Antonio Community hospital, in the opinion of James McCorkindale, who was a recent patient.

"I don't believe the public realizes what it offers or appreciates what it does, the veteran resident said. He has lived on his ranch at Grove avenue, south of the Santa Fe tracks, for more than 20 years.

"From the cook to the management, everyone in the hospital should be highly commended," he added.

Lenten Vespers by Mrs. Johnson Will Start on Wednesday

Easter Sunday comes early this year, March 27, and the Lenten season is soon to start, much earlier than is usual. And the Lenten season in Upland means Lenten vespers. Each year Mrs. Winifred Moore Johnson prepares a series of six programs of beautiful Easter music to be presented at vesper services held each Wednesday afternoon at 4:30 in the Presbyterian church.

Mrs. Moore, at the organ, contributes several numbers at each service and is assisted by some well-known singer, the vocalists for the coming vespers being Mrs. Helen Kaiser, Mrs. Maude Grahame, Mrs. Mabel Stewart, Bevington Blakeslee, Archie L. Moore and Mrs. Dorothy Neilson.

The first vesper service this season will be held on Wednesday afternoon, Feb. 10, and the public is cordially invited to attend.

STATE'S TOURISTS INCREASE IN 1931

Total of 872,214 Checked in at Border Stations; 63,338 Over 1930

A thundering herd of tourists representing a veritable trail of gold, swarmed into California via every available highway during 1931, shattering all existing records, and making the tourist business one of the state's major industries.

A total of 872,214 California-bound tourists "checked in" at the state's 28 border quarantine stations situated in 15 counties, during 1931, according to Dudley Moulton, director of the state department of agriculture.

This is an increase of 63,338 tourists over the 1930 "crop," which totaled 808,876, or an average net gain of 1,200 tourists per week.

An average of slightly less than two persons entered the state per minute via automobile during the entire calendar year of 1931, although the average was 2.9 persons per minute during the six month peak summer season ending Oct. 30, last, according to Director Moulton.

Representing virtually every state and foreign nation, the 1931 "tourist crop" swarmed across the state's borders at the rate of approximately 16,800 weekly, in comparison with a weekly average of 15,500 during 1930. This is an average of 2,500 tourists every 24 hours, or more than 100 every 60 minutes.

According to statistics compiled in the office of A. C. Fleury, chief of the division of quarantine administration, a total of 847,320 automobiles, carrying 2,274,748 passengers, were "checked in" at the border stations during 1931, as compared with a total of 676,052 machines carrying 1,864,389 arriving during the preceding year. This is a net gain of 410,359 passengers and 171,268 machines over 1930.

Of the total number of passengers, 872,214 persons were tourists, while the remaining 1,402,534 were Californians returning from visits to Nevada and other eastern states. Foreign cars arriving in California totaled 324,726, an increase of 31,336 over 1930, while the volume of domestic cars returning to California increased 140,262 to a new high level of 522,924 autos.

Entering California via the two border stations in San Bernardino county, Daggett and Yermo, there were 148,924 persons in 1931 and 140,457 during the preceding year, last year's number being 8,467 greater than for 1930. The entrants via Daggett during 1931 totaled 71,914, while 77,010 entered the state at Yermo.

CITRUS CLASSIC MEN MAY INSURE

Rain Predicted and Officials Look to Rates to Beat Loss From Storm

Maybe it's only a coincidence, but anyway the directors of the twenty-second National Orange show decided to make investigation of rain insurance rates on the same day that President R. E. Roberts displayed a newspaper clipping quoting Gin Chow, celebrated Chinese weather prophet as predicting torrential storms for all of Southern California, starting before the 1932 citrus exposition.

It has been seven or eight years since the Orange show has purchased any rain insurance, but then it wasn't until this season that the aged Oriental, who hails from Lompoc, began predicting the weather with such success, presumably in some obscure heathen fashion.

Gin Chow, as president Roberts pointed out to the show directors, has been "calling his shots" with startling regularity this winter. His predictions have usually been in striking variance to the prognostications of the erudite scientific gentlemen employed by the Federal government, and the results have almost as frequently borne out the forecasts of the aged Chinese.

"Of course no one can forecast the weather weeks ahead," said Mr. Roberts. "That's a well known scientific fact. But at the same time it won't hurt to find out how much some rain insurance is going to cost us."

The odd numbers shall be allotted to the west side of said streets or avenues, and the even numbers on the east side. Each block shall be so divided that the entire 100 numbers will be used in the numbering thereof, but in case the block or blocks on one side have a smaller or less linear meaurement than on the other, then the block or blocks on the opposite side having the more extensive linear measurement shall be divided so that the numbers shall conform to the arrangement on the opposite side as nearly as is reasonably practicable.

Section Three. The numbering of all streets and avenues now existing or that may hereafter be established and running east and west, or in an easterly or westerly direction within said municipality, shall commence at Euclid Avenue, and extending or running therefrom east and west, and shall commence at zero, or more definitely with number one, and progress in orderly alternate sequence on each side of the street, and allowing 50 numbers on each side of the street to each block. The odd numbers shall be allotted to the north side of the streets and avenues, and the even numbers to the south side thereof. Each block to be so divided that the entire 100 numbers will be utilized. In case that the blocks differ in length on opposite sides, the same plan provided for in the preceding Section numbered One shall be utilized, to the end that the entire plan or system shall be carried out as in harmonious a plan as is reasonably practicable.

Section Four. All of the streets and avenues running in an easterly and westerly direction and lying east of Euclid avenue shall have prefixed to their respective names or designation the prefix "East," so that each shall be known as "East ——— Street," or "East ——— Avenue," as the case may be, and similarly all of such streets or avenues extending west of Euclid avenue shall bear the prefix "West" so that each shall be known and designated as "West ——— Street," or "West ——— Avenue," as the case may be.

Section Five. Dwellings on the rear of lots or holdings shall be given numbers allotted to the lot or holding, with the exception that there shall be added therto the fraction of ½, or if more than one, the same shall be designated by the principal number and the appropriate fraction; or in the case of multiple dwellings or courts, the same may be designated by the principal number to which is added an appropriate letter commencing with the first letter of the alphabet and following in alphabetical sequence. In any case of alphabetical or fractional numbering, the City Service Manager is hereby authorized and empowered to apply or allot such a plan as the situation reasonably calls for, and as indicated by his good judgment and discretion, so long as the same is done in reasonable accordance with the entire plan herein set forth.

Section Six. The City Service Manager is hereby authorized and directed to compile a map or series of maps of the City of Upland, the same showing the official number of each lot or other holding and the same is hereby designated and entitled "HOUSE NUMBERING MAP," and such map or series of maps shall be kept on file as a public record in the office of the Building Inspector, and it shall be and hereby is made the duty of the said Building Inspector to inform all inquirers or applicants of the number alloted to each and every lot or holding within said city. It shall be the duty of the Building Inspector to keep himself informed of these matters to the end that there shall be no duplication of numbers nor any failure or break in the orderly sequence.

Section Seven. It is contemplated that so far as is reasonably possible the numbers in each block shall correspond with the number of that block counting from the base line herein established, that is from A street in the one instance and from Euclid Avenue east and west in the other, to the end that the numbers in each block shall as far as is practicable indicate the number of the block from the appropriate base line. It is further contemplated hereunder that northerly from 13th Street this plan shall be applied with precision, save as some situation may warrant a modification therefrom.

Section Eight. It is hereby made the duty of the owner of each dwelling or other structure on any lot or other holding within the said City of Upland reasonably requiring to be numbered, to cause the same to be done at his own expense, and if not done by the owner thereof within a rsasonable time after this Ordinance becomes effective then it shall be the duty of the occupant thereof to cause the same to be done at his own proper expense. All numbers used on the dwellings and such other structures as may be required to be numbered hereunder shall be not less than three inches in height and of an appropriate or standard width, and shall be of a color reasonably contrasting with the background on which it is placed, and shall be placed upon the dwelling or other structure in as conspicuous a place as can readily be done, to the end that the same will be plainly visible from the abutting street or avenue. In addition thereto, property owners are hereby authorized to paint the appropriate number on the curb immediately in front of the house or other structure, such numbers to reasonably correspond in size and kind to those required to be placed on dwellings or other structures.

Section Nine. Inasmuch as is probable that this plan cannot be carried out with exact precision in all parts of the city, and that minor changes or modifications thereto may be necessary from time to time to meet established or unusual situations it is further ordained that the City Service Manager is hereby fully authorized and empowered to control the allotment of such numbers, and the requirements thereof under this ordinance, to the end that the provisions hereof may be reasonably flexible, and may be dealt with from time to time, as occasion may require, as a purely administrative matter. Accordingly the said City Service Manager is hereby empowered and authorized to change or modify the exact requirements of this Ordinance in reference to numbering whenever the peculiar or unusual circumstances indicate or require the same, so long as any such change or modification is made in harmony with the provisions of the entire plan as near as is reasonably practicable.

Section Ten. It is hereby declared unlawful to keep or maintain any dwelling or other building in the City of Upland without a proper number being placed thereon as herein required. Any person, firm or corporation failing to abide by the provision herein set forth or violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not exceeding $25.00, or by imprisonment not exceeding ten days, or by both such fine and imprisonment at the discretion of the court.

Section Eleven. All Ordinances or parts of Ordinances conflicting herewith are hereby repealed.

Section Twelve. And inasmuch as there are several short streets in the southeast part of the City of Upland whose names are not in harmony with the general naming of streets, and it is plainly desirable that they be changed so as to conform therewith, it is therefore further ordained that the name of Craig Street be and the same is hereby changed to 10th Avenue; and the name of Ruedy Street be and the same is hereby changed to 12th Avenue; and that the name of Cutler Street be and the same is hereby changed to 13th Avenue; and that the name of Fairfield Street be and the same is hereby changed to 14th Avenue. That such Craig, Ruedy, Cutler and Fairfield Streets shall hereafter bear the names and designation of 10th Avenue, 12th Avenue, 13th Avenue and 14th Avenue respectively and such new designations are hereby established and fixed therefor.

Section Thirteen. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in The Upland News.

I HEREBY CERTIFY that the foregoing Ordinance was adopted by the City Council of the City of Upland at a regular meeting held on the 4th day of February, 1932, by the following vote, to-wit:

Ayes, McQuillen, Manker, Johnson, Buffington.

Noes, None.

Absent, None.

APPROVED this 4th day of February, 1932.

P. H. McQuillen, MAYOR.

E. C. Mehl, CLERK.

7sc1

ORDINANCE NO. 263.

An Ordinance Providing Uniform System for the Numbering and Designation of Houses and Buildings Within the City of Upland, and of Allotting Numbers to Vacant Spaces, and Changing the Names of Several Streets.

The City Council of the City of Upland, California, do ordain as follows:

Section One. All houses, buildings and vacant spaces within the City of Upland shall hereafter be allotted certain numbers in conformity with the provisons of this Ordinance, and it is hereby made the duty of all owners of dwellings or other structures therein to procure numbers and number the same as herein provided, to the end that each dwelling or principal structure upon separate parcels of land shall be properly numbered and designated.

Section Two. The numbering of all streets and avenues now existing or that may hereafter be established and running north, or in a northerly and southerly direction, shall begin at A Street, and generally at the present southern limit of the municipality, and or at the Atchison, Topeka & Santa Fe Railroad Right-of-Way, and thence extending or running north or northerly in orderly sequence, and shall commence on each of said streets or avenues with the number 100 and allowing 50 numbers in alternate sequence on each side of the street to each block, so far as the same is reasonably practicable.

EQUALIZE WEALTH IS BURT'S PLAN

Local Attorney Suggests Ban on Inheritance and Tax on Huge Incomes

Take away the privilege of inheritance, tax all annual incomes of more than a million dollars from 50 to 100 per cent and give the money and property to benefit the masses, A. W. Burt, local attorney, advocated in a talk at the meeting of the Upland Lions club in the Red Hill Country club yesterday noon.

He looked upon the present economic conditions as deplorable and which, if not changed, will result in a modern army of vandals engulfing the nation and its customs. Putting into practical application the spirit expressed in the words of "brotherhood, brotherly love and fellowship," is one of the best means of preventing a downfall, he declared.

Persons are not created equal, Mr. Burt said in touching upon the economic system. Through the application of money obtained from estates of wealthy persons and from the tax on excessive income, industry could be created to more equally distribute the world's wealth, he suggested.

The address, given earnestly and as a product of years of observation, touched upon communism being acceptable in part and of the necessity to bring about a change in conditions.

Floyde L. Atwood, vice president, was in charge of the meeting in the absence of Harold W. Cook, who was confined to his home with illness. The Dixie Jubilee quartet, which appeared at the Tenth street school last night, sang several selections.

Letters to The News

(Continued from Page Two)

sitions sound plausible but by statistics and argument he shows that, practically, they are unreasonable and unfounded.

He says that some work would be provided, also market for some grain, and some revenue. Quoting statistics he shows that if the number of men employed in other industries remained the same as now, the manufacture of beer and wine might employ one per cent of those now unemployed, but since it seems axiomatic that what the public spends for beer and wine cannot be spent for shoes, clothing, groceries, etc., the number of employed in other industries would be reduced. Although those newly employed would have wages to spend on other commodities than wine and beer, this would be offset by loss of purchasing power on the part of those thrown out of employment in other industries.

The balance between wages paid liquor employees and income withdrawn from other uses seems more simple than it is, since it assumes that no one spends money for liquor now and no one is now profitably engaged in the liquor business, the two false assumptions largely neutralizing each other.

It is said there would be a billion dollars revenue. The editor jokingly says that Al Capone could testify that the government is not entierly oblivious to revenue from income derived from the bootlegging industry, but let that pass, and points out from statistics that the revenue derived from licensing beer and wine would go about as far toward balancing the federal budget as for a man to wear his shirt one day longer to make up a deficit of $1,000 per year. Then the editor calls attention to the fact that this revenue would be largely drawn from the poor, there being no doubt that the thirsty rich would continue to procure their Scotch, gin, champaign and cocktail from bootleggers.

Here is a tax which would fall most heavily on those least able to pay it, and which would produce small revenue at high cost, that cost coming out of what the poor people would spend for beer and wine.

"Those most loudly in favor of this source of revenue are those among the wealthy who are complaining loudly against the present rate of income tax upon the rich. One of the most prominent of them all was quoted as saying, before a senate committee, that one corporation in which he is a large owner 'would save ten million dollars in corporation taxes if we should have the British tax on beer,' and estimate probably excessive, but if he believed it, it must have weighed heavily in bringing him to the opinion that a tax on beer would be a good thing.

The Eastertide Evangel of the Ontario Christian church will open on Sunday morning, with a special message upon the scripture, "He Brought Him unto Jesus," by the minister, Shirley R. Shaw.

An Olympiad of Religion is to be carried on between now and Easter by 500 Protestant churches of the Los Angeles metropolitan area. The first set-up meeting was held in Los Angeles last Monday, and was addressed by the world renowned Gipsy Smith. Mr. Shaw attended the gathering, and the local congregation will participate in the Olympiad of Religion.

At the hour of evening worship, Christian Endeavor day, celebrated around the world, will be observed, with participation in the program of the church's four C. E. societies.

This also will be the first of five "Youth Sunday Evenings," to be held at the first of each month between now and June. Young people of this church and invited guests from elsewhere will share these occasions.

Pertinent questions will be proposed for these evenings: "What is your name?" will be Mr. Shaw's inquiry this week. A boys' trio, a high school girls' chorus, a tiny girls' duet, and an anthem by the large chorus-choir will be enjoyed Sunday evening.

The special music of the morning will include an appropriate gospel hymn solo by A. B. Crist, favorite local baritone, and the beautiful anthem of Rheinberger, "Peace of God." The general public is cordially invited to share the inspiration of these hours.

CHAFFEY MAY ADD ANOTHER VICTORY

Riverside Being Played There Today; J. C. Will Meet Pomona Tomorrow

If Chaffey is in form this afternoon, the Tigers will chalk up another victory in the race for the Citrus Belt league basketball title. Coach Kaiser and his stars are in Riverside, in the first game of the second round in the league race. Without much trouble, Chaffey took in the Riverside squad in December as the season got going.

Humbled only by Pomona, Chaffey is still in the fight for the third consecutive C. B. L. crown. In order, games will be played with Covina, San Bernardino, Redlands and Pomona. Redlands and Pomona appear to be the only crucial games, although a defeat by any other team would put the Tigers in trouble for any title chances.

Redlands will be met on their home floor and this contest might be the undoing of the scrappy and accurate Chaffey five. A few weeks ago Chaffey barely nosed out a victory.

Pomona will be played on the Tiger floor, while Chaffey met the squad on the neighboring floor, a small one, a week ago.

Chaffey junior college five will be seen in action again here tomorrow night when the strong Pomona J. C. team comes here for a return match. Coach Howard Mitchell's team stands at the top in the J. C. rating and another victory is scheduled to be added in the play tomorrow.

SCOUTS WILL GET AWARDS ON MONDAY

Annual Court of Honor To Be Featured by Address of Admiral Senns

One of the outstanding features of the Boy Scout anniversary week will be the presentation of awards and the address by Admiral Thomas J. Senn, commander of the naval district, San Diego, in Chaffey auditorium at 8 o'clock Monday night. This will be the court of honor session for the Old Baldy council, with 40 troops being represented.

First of the anniversary week programs will be held at the Presbyterian church Sunday, special services being planned.

S. Earle Blakeslee will open Monday night's program with organ selections, with LeRoy Gemmel, head of the Knights of Dunamis, scout honor fraternity, officially starting the court proceedings. Scouts of the various ranks will then be introduced to Admiral Senn, who will deliver an address on scouting.

The climax will come when badges are presented to 40 scouts and presentation of the Eagle Scout rank to four scouts, Maurice Ward, Frank Watkins, of Upland, and Arthur Bridge, Jr., and his father, Arthur Bridge, Sr., of Alta Loma.

Re-committment to the scout oath will be led by Glenn D. Smith, vice president of the council.

Scouts Get Honors for Growth, Work

Added distinction came to the Old Baldy Boy Scout council in the announcement that this council is one of the "big 10" in the four western states region from the standpoint of growth. Growth here has been more than 10 per cent of its membership.

Turn over of membership in the local council is the lowest in the United States among the councils so far reporting, according to Lex Lucas, scout executive.

Nine hundred boys belong to the Old Baldy council.

CAMP BALDY

The many friends of little Bobby Brash have been much concerned as to what the decision of the doctors in the San Antonio Community hospital regarding his puzzling illness will be. Bobby, five years old, had the flu a few weeks ago and complications which affected his eyes and limbs have been baffling.

Four girls from the Santa Ana junior college spent three days between semesters in camp. They were Conestine Wakerham, Elenor Wisner, Elizabeth Stiles and Jane Cunningham. Elizabeth Stiles saw snow fall for the first time.

Although handicapped in both hearing and speech, Bobby Chapman is showing wonderful progress since he entered a special school in Los Angeles. He has had but three years of school work and next year will be promoted to the speaking and hearing class. He is staying with his sister, Mrs. Donald Dressen.

Catherine Curry, daughter of Mr. and Mrs. Foster Curry, and Robert Mills, their nephew, both of Los Angeles, were visiting at the hotel a few days.

Mr. and Mrs. Arthur Allison received friends at their home Tuesday evening in honor of their twelfth wedding anniversary. Mr. Allison is owner and operator of the winter sports playground at Snow Crest.

Under the supervision of George Allison, owner of Ice House Canyon resort, snow plows are operating every night between Ice House canyon and the Kerkhoff grade, keeping the highway in good condition for autoists. Tuesday morning before the plows were in progress the school board thought it not advisable for the Chaffey school bus to go down. This is the first time in the history of the bus, five years, that it has been unable to reach Chaffey on account of the snow.

First Rank Given Eight Candidates by Campfire Girls

With a number of parents and friends attending, eight girls who had earned their first, or woodgatherers rank, had that rank bestowed upon them during the meeting of Nissaki Campfire Girls held Saturday in the Frances Paul Girls room in the Presbyterian church. The ceremony was conducted by Miss Clara Bissell.

The meeting was held as a celebration of the twentieth anniversary of the founding of the Campfire organization, an event that is being observed throughout the United States during February. The theme of the council fire was "The Home" and the various ceremonies were performed proficiently by the girls, the most impressive of them being the lighting of the camp fire.

In addition to the rituals, there were a number of songs, roll call, and pantomiming.

The eight girls entering into the woodgatherers' rank were Vesta Wisely, Peggy Grahame, Dorothy Rosenberger, Virginia Crabtree, Dorothy Benson, Nellie Carter, Kathryn Taylor and Jane Daggs. Others taking part in the program were Betty Larkin, Betty Ford, Mary Bovee, Earline Karr, Mrs. Chas. V. Benson, leader, and her two assistants, Miss Phyllis Moore and Mrs. Hjalmar Anderson.

Scouts Will Gather Clothing Next Saturday

Attention of the public was called to the plan of the Upland Boy Scouts to gather used clothing on Feb. 13 for distribution among the needy by the Associated Charities.

"Mobilization Day" will be observed by the scouts at that time as a part of the twenty-second anniversary of scouting. The good-turn act will be the collecting of clothing and persons are urged by the officials to cooperate. Scouts are to meet at the D street park early in the morning.

CALIFORNIA MOTOR VEHICLES INCREASE

Total Registration in San Bernardino County 50,151 During Year 1931

Motor vehicle registrations gained in California during 1931 despite business conditions.

State registration totals made public by the Department of Motor Vehicles show fee-paid registrations for the year amounting to 2,107,275.

This figure includes motorcycles and trailers, but does not include the 38,199 vehicles registered in the state under the exempt license classifications, nor the 101,554 cars that were driven into the state during the year by non-resident drivers.

The net gain in fee-paid vehicles over 1930 was 7,982. Most of the gain came in commercial vehicles equipped with pneumatic tires, there being an apparent tendency among business men to equip during the year with commercial vehicles somewhat heavier and larger.

"The gain is not large but is encouraging and shows we are holding our own pretty well."

This was Registrar Russell Bevans' comment on the figure.

The total number of vehicles will be used as a basis for apportioning motor vehicle license funds to the various counties and to the State Department of Public Works for highway purposes. The motorist thus gets his money back in the form of good roads.

The total fees paid on registration of motor vehicles in San Bernardino county for the year ending Dec. 31, 1931, are as follows: Automobiles, 45,775; solid trucks, 92; pneumatic trucks, 2,593, motorcycles, 181; solid trailers, 282; pneumatic trailers, 1,228, making a total of 50,151.

Fake Insurance Agent Sought by Bureau

The California Farm Bureau federation is on the trail of an agent or agents who sell accident and health insurance by the National Farm Bureau federation for a premium of $29 for two years.

The Farm Bureau has no knowledge of this organization and no such organization has secured a license to sell insurance in the state.

The suggestion has been made that any person approached on such a deal, listen to the story and follow the agent to the nearest town and have him arrested, notifying the Farm Bureau at Berkeley, or Forrest Mitchell, State Insurance Commissioner, State Building, San Francisco. Either of these organizations will prosecute.

What He Is

"Funny, ain't it, pa," said Johnny, "that everybody in our house is some kind of animal."

"What do you mean?"

"Why mother's a dear, and baby's a little lamb, and I'm a kid—I can't think what you are, pa!"

"I'm the goat, my son."

The rainstorm the first of the week added 2.80 inches to the season's measurement here, bringing the total to 18.32 inches.

SPRING SPORTS GET CHAFFEY ATTENTION

Track, Baseball Will Be Next on Schedule for Tigers and Panthers

Spring sports are drawing attention on the Chaffey campus. Baseball and track men are ready to go and now that weather conditions are better, intensive training will get underway.

Coach Archie L. Moore of the Tigers and Coach Bert Heiser of the Jaysee Panthers have called their diamond stars together in what appears to be a Chaffey season in the C. B. L.

Ernie Payne gave his jaysee track men a dual meet yesterday afternoon with the freshmen meeting the sophomores. W. H. Kegley, developer of stars for Chaffey track meets, is preparing for the relay meets in connection with the National Orange show at San Bernardino.

By March 1, all four groups will be in the midst of practice and on the verge of another season of competition.

Dinner to Precede Meeting of Circle at Hall Tonight

Preceding the regular meeting tonight of Upland circle, Neighbors of Woodcraft in the I. O. O. F. hall, the Men's club will be hosts at a baked ham dinner for all circle members. The men are making rather elaborate plans for the event and a gay time is expected.

Members of the popular drill team, Mrs. Ann Hewitt captain, and several other members of the lodge went to Los Angeles last evening where the team won honors in putting on the ritualistic initiatory work for the host circle.

After the lodge meeting the visitors were entertained at a bountiful chicken dinner and evening of dancing.

Mrs. Jennie Norton Dies at Hospital; Funeral on Monday

Mrs. Jennie E. Norton, mother of F. J. Norton, 365 Second avenue, who sustained a badly broken leg in a fall on Jan. 16, died Thursday night at the San Antonio Community hospital.

Mrs. Norton, who was 76 years old came to Upland shortly before Christmas to visit with her son and daughter-in-law, having before that been living with her daughter in Santa Paula. During her short residence here she made many friends, especially in church circles.

Surviving Mrs. Norton are four daughters, Mrs. Edith M. Scott of Arlington, Texas; Mrs. Harriet Thoms of Santa Paula, Mrs. Carrie Blizzard of Modesto and Mrs. Etta Marbut of Long Beach, and two sons, F. J. Norton of Upland and William Norton of Portland. All are here for the funeral except the son in Oregon.

Mrs. Norton had known for several days that she would not recover and she faced death with a smile, being willing and ready to go.

Funeral service will be held at 10 o'clock Monday morning in the Upland Nazarene church, the officiating ministers probably being the Rev. Fred A. Smith of Upland, Rev. V. S. Coughran of Ontario, Rev. John Elliott of Lomita and the Rev. John Mathews of Los Angeles.

Arrangements are in charge of J. B. Draper & Co.
